VISHAL

Python Full Stack Developer

vkar3212@gmail.com | linkedin.com/vishal | github.com/vishal-k72 | +91-73025-30801 | Hapur, India

PROFESSIONAL SUMMARY

Aspiring Python Full Stack Developer skilled in building end-to-end web applications using React.js on the frontend and Python (FastAPI, Flask) on the backend. Proficient in designing RESTful APIs, integrating relational databases (MySQL) with ORM concepts, and implementing authentication fundamentals. Experienced in connecting React frontends with Python backends for seamless CRUD operations.

TECHNICAL SKILLS

Languages: Python 3, SQL, HTML/CSS, Javascript, React JS
Frameworks & Libs: Flask, FastAPI, Django(basic), Pandas, NumPy, Matplotib, Requests, BeautifulSoup
Database: MySQL, PostgreSQL, SQLite, MongoDB(basic), SQLAlchemy ORM
Tools & Platforms: Git, GitHub, VS Code, venv / pip, PyCharm, Postman
Core Concepts: REST APIs, OOP, Data Structures & Algorithms, Web Scraping, Automation, MVC Architecture

PROJECTS

1. Myntra / Amazon E-Commerce Clone | HTML, CSS, JavaScript
Developed Myntra and Amazon-inspired e-commerce website clones with dynamic shopping cart functionality, allowing users to add and remove items interactively with calculate price according to offer method.

2. Student Management System | Python, FastAPI, PostgreSQL, JWT Authentication
Developed a backend system for managing student records with secure JWT-based authentication, CRUD operations, and PostgreSQL database integration.

3. Full-Stack E-Commerce Website | React, Flask, PostgreSQL
Built a full-stack e-commerce website using React for the frontend, Flask for the backend, and PostgreSQL for data storage. Integrated APIs for data fetching and REST APIs to support CRUD operations.

4. AI-Powered Resume Analyzer | HTML, CSS, JavaScript, FastAPI, OpenAI
Developed an AI-powered resume analyzer that accepts resume uploads and provides AI-generated suggestions to help users improve their resumes.

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University (AKTU) 2026 – 2028
Master of Computer Applications (MCA) – Pursuing

Chaudhary Charan Singh University (CCS University) 2022 – 2025
Bachelor of Computer Applications (BCA) – CGPA: 6.5

EXPERIENCE

M. S. Heritage School *(Lalpur NCR) — Computer Operator / Teacher* April 2025 – July 2026
- Managed school computer-related tasks and student records.
- Assisted in classroom teaching and student management.
- Prepared reports, attendance records, and school documentation.
- Worked on MS Excel, MS Word, and school data handling.
- Supported students in basic computer education.

Cogent E-Service *(Noida - Sector 63) — Customer & Floor Support* October 2023 – March 2024
- Handled customer queries and provided on call technical support & solution.
- Maintained communication with customers professionally.
- Collaborated with team members to address customer concerns and ensure smooth daily operations.

CAREER OBJECTIVE

To start my career as a Python Backend Developer in a growth-oriented organization where I can contribute to backend application development, strengthen my technical skills, and build scalable and reliable software solutions.
